18 to 24" Bed Grown \$1.25

In presenting this, our first price list, of  
Camellias and Azaleas, we are doing so  
at the request of numerous customers.  
We are listing here, varieties that are  
popular throughout this territory, and  
will add more popular varieties, as well  
as new ones each year.

Our plants are grown in good soil, regu-  
larly fertilized, and thoroughly watered  
when needed.

Digging is done by hand, the size of the soil ball is determined by the extent of the root system. You get the plant plus all the roots. That is what you are paying for, and that is what you will have when you buy our plants.

All Camellia plants offered in this list are grown in our nursery, none are being bought in for resale.

### **Terms and conditions of sale:**

**CONDITION:** All orders are accepted subject to regulations affecting transportation, and materials on the specific condition that they shall be noneffective should injury to stock occur, or other eventuality beyond our control occur.

**Guaranty:** We guarantee Camellias and Azaleas to be true to name, well rooted, well grown, healthy, properly packed and shipped. We cannot guarantee plants to live, since the planting, care and growing conditions are out of our control. If you plant them well and give them the care they deserve they will do well.

**Payment:** Our terms are cash, except to those who have charge accounts established. If plants are to be reserved for later pick-up or shipment, a 25% cash deposit will be required that the plants may be selected and tagged. No C. O. D. shipments will be made.

**Packing and Shipping:** All plants will be balled and burlapped. If they are to be shipped, they will be securely but lightly crated, for 10% of the cost of the plants. We will ship by Railway Express, unless otherwise instructed. Our responsibility ceases upon delivery to carrier. Purchaser assumes risk and pays transportation cost.

Orders for less than \$10.00 cannot be accepted for shipment.

You are invited to visit our nursery and see our plants. You will be under no obligation to buy. When Camellias are in bloom is a good time to visit. You are welcome at any time.
